

Chapter Project

Description

Objective

To draw a bedroom map that shows the interior of the room and furniture inside. The map must be complemented with a description. The description must describe the things in the room and the colors found in the room. The items included in the description are furniture vocabulary.

Requirements

- A bedroom map sample.
- List of parts of the house and objects.
- List of adjectives and colors to describe the interior of the room.

Steps

- Prepare a room map template. You can download one online or design your own.
- With the students, describe the objects they can identify, such as beds, desks, rugs, pictures, etc. After that, elicit descriptions for the things listed before. Example: 'The walls are blue. The rug is small and red. The TV is big and black.'
- Give students with the template of a room, with only
